References in the following index are to page numbers as found at the bottom of the bulletin pages. Of interest to libraries is the fact that all of the material embodied in Volume XXIII will soon be available in microfilm form from University Microfilms; 313 North First Street; Ann Arbor, Michigan. Volumes XVIII through XXII are also available on microfilm. The charge for these films is nominal. Subscribers who find voids in the bulletin sequence are invited to write requesting an additional copy of each of these missing numbers. (There is no charge for this service.) Our reserves on a few issues have been completely depleted, and we will not be able to supply replacement copies. However, a sufficient supply exists of a majority of the bulletins.
